Even though I spoke I just want to say again that the neighborhoods that are effected by Aqua Utilities are only hard working middle class citizens. You know the ones who work hard, pay taxes and do whats right. We can no longer afford cable or internet and my 15 yr old daughter is no longer allowed to have friends over night because I can not afford the water since its already 289.00 a month for the two of us. Please help us this is a serious issue and we will all go down if you dont change things. You know a person without a conscience is a person without a Soul / God have
